Photo by Alison Gamel

We believe in the power of botanicals – and always have.

Since 1989, Biocidin Botanicals® has focused on providing botanical solutions for microbiome health. During those 35+ years, research on the microbiome has exploded, showing its vital connection to every system in the body.

An unhealthy microbiome? It's a risk factor for most chronic illnesses.

That means our focus not only makes sense – it's also essential to human health.

Best of all, our clinically effective, evidence-based botanicals address today's complex health needs with simplicity.

We offer a curated line of products that work and instructions that make sense.

Simple, natural solutions for our times.

Our Mission

Empowering people to protect and support their health in the face of today’s complex challenges.

Meet Our Founder

RACHEL FRESCO
FOUNDER

From growing up in her family’s pharmacy to earning a degree in Traditional Chinese Medicine to working as a clinical consultant for an herbal products company, Rachel Fresco has always been about helping people find answers to everyday health challenges.

She used her knowledge and experience in herbal medicine to create Biocidin® – a unique blend of 18 botanical extracts and ingredients with surprisingly effective broad-spectrum activity.

That was in 1989 when the word “microbiome” was just starting to be defined in scientific circles. Yet Rachel had produced one of the most powerful microbiome-balancing formulations ever analyzed by a leading U.S. diagnostic laboratory.

More than 35 years later, Biocidin® is trusted by integrative and naturopathic doctors around the world. Biocidin Botanicals® continues to add cutting-edge, targeted support products to our curated portfolio.

We are committed to offering powerful, natural solutions that address today’s complex health needs with simplicity.

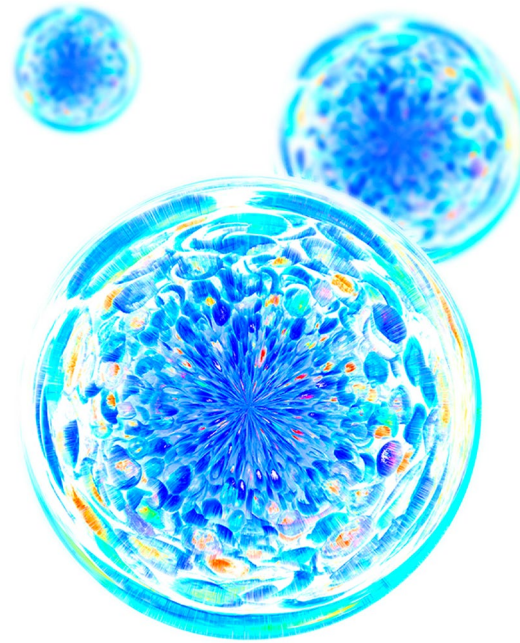

At Biocidin Botanicals, Microbes Matter Most[®]

The term microbiome describes the microorganisms coexisting in our bodies – bacteria, viruses, fungi. The vast majority of microbes reside in the gastrointestinal tract. That’s why gut health is foundational care in Integrative Medicine.

But microbes also live in and influence other parts of the body. So it should come as no surprise that the oral microbiome is emerging as an imperative part of routine care.

Microbes and the microbiome play a vital role in whole-body health. But not all microorganisms bring benefits – balance is essential.

Botanicals: The Natural Solution

At Biocidin Botanicals, we understand that microbes are not an enemy to be eliminated but an ecology to be nourished. How do we do that? By working with the gift of botanicals.

Each plant offers multiple activities. When layered together in a formula, a powerful synergy occurs. Imagine the combination of microbiome-balancing support, augmented by activity against biofilms and protective antioxidant action. The outcome is not additive but exponential!

Botanicals offer a graceful and mighty solution that cannot be duplicated. The power to achieve and maintain balance.

The power to thrive.

Powered by Biocidin[®]

MADE WITH 99% ORGANIC BOTANICALS

Biocidin is our founder Rachel Fresco’s answer to one of the most pressing health challenges of our time: the rise in antibiotic-resistant bacteria. A unique blend of 18 botanicals, Biocidin has stood the test of time and scientific scrutiny. Published and ongoing research confirms its efficacy. Year after year.

The genius of Biocidin? It works with the microbiome to support health at the microbial level. Practitioners turn to it for its potent activities. Consider how it:

- Clears away unwanted microbes*
- Spares beneficial microorganisms*
- Dismantles biofilms*
- Promotes a healthy inflammatory response*
- Functions as an immune adaptogen*

The 18 botanicals in the Biocidin blend – 99% organic – power six of the products in our portfolio. We have also created additional cutting-edge, targeted support products to boost patient health and serve our family of healthcare professionals.

*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

Categories of Functional Activity

To make the pathway to wellness clear, our products are organized according to categories of functional activity.

Choose the category that addresses your patient's needs, or create a support program with products from several categories based on your therapeutic target.

For those with professional accounts, our clinicians are always available to advise you.

REMOVE

CLEAR AWAY OBSTACLES.

Entrenched biofilms and unwanted organisms can create an obstacle that requires outside assistance. The vital first step is to clear away irritants, unwanted microbes, and biofilms – allowing the body's innate restorative ability to go to work.

SMILE

PROMOTE ORAL HEALTH.

We've created one-of-a-kind oral health care products. Serious science transformed into action – clearing unwanted oral microbes, cultivating beneficial flora, and supporting healthy teeth and gums. It's foundational Dentaceutical® care with a systemic reach. Because whole-body health begins in the mouth.

DEFEND

OPTIMIZE RESILIENCE.

In the face of novel microbes, or if the body is weakened, we need to call in the troops. Humans have relied on plants for eons to balance and reinforce immune activity. To rouse the body's vital force. To prime the immune pump for opposition. Together, the body and botanicals bolster defenses to co-create optimal resilience.

RESTORE

BALANCE AND HEAL.

Undesirable microbes create imbalances, even disorder. The effort to restore function and harmony requires ongoing renewal – and that's where our botanicals and nutrients shine.

Simplifying the Path to Wellness

OUR PRODUCTS

Biocidin® Liquid

BROAD-SPECTRUM LIQUID FORMULA

SUPPORTS MICROBIAL BALANCE* | DISRUPTS BIOFILMS*

AVAILABLE IN 1 FL OZ (30 mL) LIQUID

When dealing with gastrointestinal and systemic imbalances, Biocidin cuts through the complexity. It clears away irritants, unwanted microbes, and biofilms, while selectively enhancing beneficial organisms.* Our signature blend, Biocidin combines 18 botanical extracts and ingredients. The result is a potent, broad-spectrum formula that targets the entire GI tract and helps maintain the delicate balance of microorganisms in the microbiome.* Its far-reaching effects include support for biofilm cleansing, immunomodulation, healthy digestion and elimination, and detoxification.*

Benefits

- Supports gut health by addressing unwanted organisms*
- Dismantles biofilms*
- Selectively enhances beneficial organisms*
- Immunomodulatory activity*
- May improve regularity and reduce bloating and gas*
- Helps improve vitality and mental clarity*
- Promotes a healthy inflammatory response*

Features

- Contains Biocidin® Botanical Blend, made with 99% organic ingredients
- Laboratory-tested and clinically researched
- The go-to broad-spectrum formula for integrative and functional medicine practitioners for over 35 years
- Pleasant taste appeals to children and adults

Biocidin® LSF

POTENT BROAD-SPECTRUM LIPOSOMAL FORMULA

SUPPORTS MICROBIAL BALANCE* | DISRUPTS BIOFILMS*

AVAILABLE IN 1.7 FL OZ (50mL) LIQUID

Need the microbial balancing activities of Biocidin but at a deeper level? Biocidin LSF is the powerhouse you're looking for. It contains the same potent, broad-spectrum botanical blend in a unique sunflower phospholipid formula for advanced absorption. Research shows the migration of liposomal Biocidin LSF across the cell wall (transcellular absorption) is 74% higher than Biocidin Liquid. Biocidin and all its benefits – made even more bioavailable with fast delivery for whole-body action.

G.I. Detox+

ZEOLITE, CHARCOAL & HERBAL FORMULA
GENTLE FULL-SPECTRUM BINDER*
AVAILABLE IN 60 COUNT CAPSULES

The binding and detoxification agents in G.I. Detox+ have long been used in traditional medicine and are supported by modern research. But did you know that a binder is an essential part of any treatment strategy that includes microbial balancing? As Biocidin works on biofilms and microbes, mobilizing LPS, metals, mycotoxins, and unwanted microbial byproducts, G.I. Detox+ binds and clears, ensuring comfort and compliance.* Microorganisms balanced. Biofilms dismantled. Detoxification done right.

G.I. Detox+ is formulated to provide broader activity than a single-ingredient product.* Zeolite clay, activated charcoal, and silica, plus apple pectin, humic powder, and aloe vera each have a unique capacity to bind a variety of toxins.

Supplement Facts

Serving Size: 1 capsule
Servings Per Container: 60

AMOUNT PER SERVING

Proprietary Herbal Blend: 500 mg†

Zeolite clay, Activated charcoal, Aloe vera† leaf extract, Apple pectin, Silica, Humic powder (Humiplex®)

Other Ingredients: Vegetable capsule (Hydroxypropyl methylcellulose and water)

Liver GB+

SILIPHOS® MILK THISTLE AND TUDCA FORMULA
PROMOTES BILE FLOW AND FAT DIGESTION*
SUPPORTS GLP-1 THERAPY*
AVAILABLE IN 60 COUNT CAPSULES

NEW!

Liver GB+ is a synergistic two-in-one formula like no other that bolsters the body's detoxification pathways.* Formulated with traditional botanicals and the bioidentical bile acid TUDCA, Liver GB+ supports healthy liver and gallbladder function, accelerates detoxification by increasing bile flow, promotes digestion, and may soothe side effects of GLP-1 therapy.*

Liver GB+ is crafted to harness the long-term benefits of optimized detoxification while granting a reprieve from the digestive discomfort common to interrupted bile flow.

Supplement Facts

Serving Size: 2 capsules
Servings Per Container: 30

AMOUNT PER SERVING

Proprietary Herbal Blend: 50 mg†

Artichoke leaf extract (5% Cynarine), Siliphos® complex (Milk thistle fruit extract, phosphatidylcholine (from sunflower lecithin)), Turmeric root extract (95% Curcuminoids), Tauroursodeoxycholic acid (TUDCA), Tangerine peel extract (10:1), Ginger root extract (5% Gingerols), Bupleurum root extract (10:1)

Other Ingredients: Microcrystalline cellulose, Ascorbyl palmitate (37.5% Vit C), vegetable capsule

This product is made without dairy, gluten, soy, corn, animal products, artificial coloring or flavoring.

Biotonic®

DAILY ADAPTOGENIC ELIXIR

DIGESTION & VITALITY*

AVAILABLE IN 2 FL OZ (59mL) LIQUID

The inspiration for Biotonic comes from two of the most commonly used herbal formulas in Traditional Chinese Medicine. Botanicals used by healers for centuries to address digestive issues (like bloating and nausea), fatigue, poor assimilation, and weak immune response.*

Biotonic's unique botanical combination – 13 herbs in all – includes Artemisia to strengthen microbial balancing activity and promote a healthy inflammatory response.* Fo Ti supports healthy liver function.*

Put it all together and you have a delicious daily elixir that can be enjoyed by itself or added to beverages. An ideal complement to Biocidin, Biotonic tonifies digestion, immune activity, and vitality.* Ancient wisdom for modern challenges.

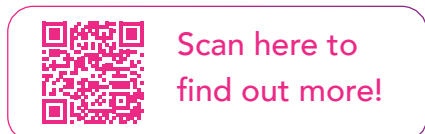

Benefits

- Helps maintain vitality and healthy energy levels*
- Supports healthy digestion*
- Provides nutritional support for the adrenals and liver*
- Promotes immune health*
- Assists in microbial balance*
- Supports a healthy inflammatory response*
- Can be used daily for ongoing benefits

Features

- Contains 90% organic ingredients
- Fresh, professional-grade Chinese herbs
- Slow percolation extraction
- Full-spectrum extract of phytochemicals
- No heat or chemical solvents used during extraction
- Delicious flavor with a hint of spice

Supplement Facts

Serving Size: 0.66 ml (approx. 20 drops)
Servings Per Container: Approx. 88

AMOUNT PER SERVING

Proprietary Herbal Blend: 219 mg†

Astragalus root† (Huang Qi), Eleuthero† root (Wu JiaShen), Black Bean-prepared Fo Ti root (He Shou Wu), Sweet Wormwood† herb (Qing Hao), Atractylodes‡ root (Bai Zhu), Chinese Peony† root (Bai Shao), Chinese Yam root (Shan Yao), Codonopsis† root (Dang Shen), Ginger† root (Gan Jiang), Poria sclerotium (Fu Ling), Tangerine rind (Chen Pi), Turmeric† root (Yu Jin), Honey-prepared Licorice root (Zhi Gan Cao)

G.I. InnerCalm®

BOTANICAL FORMULA WITH GLYCINE AND GUTGARD®

DAILY SOOTHING SUPPORT FOR DIGESTIVE HEALTH*

AVAILABLE IN 30-COUNT STICK PACKS

G.I. InnerCalm is a gut powder with broad benefits. It promotes gastrointestinal and nervous system health and helps manage the discomfort associated with occasional heartburn, bloating, and gas.* Simple, soothing support for the gut and mind.* And it tastes so good, you'll actually look forward to taking it!

A plant-focused formulation, G.I. InnerCalm combines botanicals and other proven nutrients at evidence-based levels. The delicious powdered drink contains glycine, GutGard® deglycyrrhizinated licorice (DGL), and PepZin GI™ (zinc L-carnosine), all of which have been shown to support healthy gut mucosa.* Their activity is augmented by additional herbal ingredients, resulting in an environment that allows the body's innate wisdom to flourish.

G.I. InnerCalm contains glycine instead of glutamine. Why? Because glycine offers support for gut integrity – with the added benefit of calming both the gut and the nervous system.*

Supplement Facts

Serving Size: 1 Stick Pack (6 g)
Servings Per Container: Approx. 30

AMOUNT PER SERVING

Proprietary Herbal Blend: 4.6 g†

L-glycine, Chamomile flower extract, Lemon balm leaf†, Quercetin, GutGard® Licorice root extract, Aloe vera leaf extract‡, Ginger root extract, PepZin GI™ (Zinc L-Carnosine)

Other Ingredients: Natural flavor, Citric acid, Monk fruit, Microcrystalline cellulose

†Daily value not established.

‡Organic Ingredient

This product is made without dairy, gluten, corn, soy, artificial coloring or flavoring.

Benefits

- Helps manage occasional heartburn, bloating, and gas*
- Supports digestive health and stomach lining integrity*
- Antioxidant activity supports a healthy inflammatory response*
- Promotes healthy gut motility and regularity*
- Contributes to a healthy nervous system, mood, and sleep*
- Supports a healthy stress response*

Features

- Standardized botanicals contain a guaranteed percentage of active constituents
- Contains proven ingredients at clinically researched levels for maximum benefit
- Glutamine-free to avoid neurological irritation experienced by some patients
- Carefully selected prebiotics will not aggravate dysbiosis
- Contains glycine to support digestion, protein synthesis, and connective tissue*
- Formulation includes select botanicals and glycine to support mood and sleep*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Motility Assist™

BOTANICAL REGULARITY FORMULA WITH DIGEXIN®

ENHANCES G.I. FUNCTION FOR HEALTHY ELIMINATION*

AVAILABLE IN 30 COUNT CAPSULES

Motility Assist™ offers a natural alternative to habit-forming laxatives, gently restoring regular bowel movements while supporting long-term digestive health.* This unique formula combines award-winning Digexin® (ashwagandha and okra extracts) with Triphala (a foundational formula in Ayurvedic medicine), ginger, and fennel to activate normal peristalsis and move waste efficiently through the digestive tract.

Motility Assist™ also helps balance serotonin and cortisol levels in the gut — addressing both physical discomfort and the emotional aspects of constipation. This daily, research-backed blend supports regularity, helps reduce abdominal discomfort, and supports sleep quality.* Prompt, effective relief that nourishes the entire digestive system.

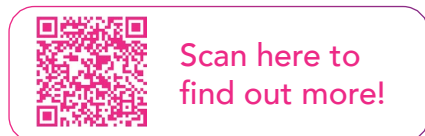

Benefits

- Helps ease constipation and optimize motility*
- Addresses gas, bloating, and nausea associated with constipation*
- Helps maintain regular, complete bowel movements*
- Supports healthy GI and digestive function*
- Soothes the gut lining*
- Supports a healthy mood and stress response*
- Boosts GI serotonin for optimal resilience from gut to brain*

Features

- Includes patented Digexin® at researched levels
- Non-laxative, non-habit forming
- Unique combination of Western and Ayurvedic botanicals
- 100% non-GMO botanical formulation
- Allergen-free with no artificial ingredients

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Proflora® 4R

SPORE-BASED PROBIOTIC & HERBAL FORMULA

SUPPORTS MICROBIAL BALANCE AND G.I. HEALTH*

AVAILABLE IN 30 COUNT CAPSULES

Simple is sometimes better. Proflora 4R combines three probiotic microorganisms with three botanicals to give you one potent solution for comprehensive restoration in your gut.*

In just one capsule a day, Proflora 4R helps keep the gut microbiome balanced so it can do its best work – support digestion, absorb nutrients, maintain regularity, support immune response, and more.*

Proflora 4R contains three of the most well-researched, spore-forming probiotics available. All three soil-derived *Bacillus* species are included at evidence-based levels.

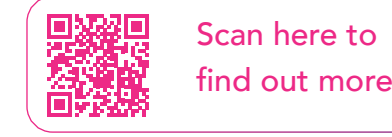

They have been shown to survive passage through the stomach and grow and thrive in the small intestine, germinating within hours after consumption.

Benefits

- Supports digestion and digestive comfort*
- Helps manage occasional bloating, gas, and indigestion*
- Promotes nutrient absorption*
- Promotes regularity and normal bowel movements*
- Maintains a healthy gut barrier*
- Supports microbial diversity and balance in the GI tract*
- Promotes a healthy inflammatory response and immune health*
- Supports cardiovascular health*
- Child-friendly support for microbial diversity and gastrointestinal health*
- Competitive exclusion of unfavorable microbes*

Features

- Three clinically researched *Bacillus* species
- Evidence-based levels of spore-forming probiotics
- Organic botanical ingredients
- Temperature stable (does not require refrigeration)
- Survives stomach and bile acids to proliferate in the intestines (small and large within 4 hours)
- May be taken with antimicrobials and/or antibiotics
- Concurrent use with Biocidin® recommended
- SIBO safe

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Supplement Facts

Serving Size: 1 capsule
Servings Per Container: 30

AMOUNT PER CAPSULE

Proprietary Herbal Blend: 4 Billion Spore Cells:
LactoSpore® (*Bacillus coagulans* - MTCC 5856)
MuniSpore™ (*Bacillus clausii* - CSI08) *Bacillus subtilis* DE111®

Proprietary Herbal Blend: Quercetin,
Marshmallow root‡, Aloe vera‡ leaf gel
Other Ingredients: Microcrystalline cellulose,
vegetable capsule

†Daily value not established.
‡Organic Ingredient

This product is made without dairy, gluten, corn, animal products, artificial coloring or flavoring.

Biocidin® TS

DAILY HERBAL THROAT SPRAY

RESPIRATORY & IMMUNE SUPPORT*

AVAILABLE IN 30 mL SPRAY

Think there is no way to naturally stimulate rapid immune response? Think again! Biocidin TS is an easy-to-use throat spray that contains our proprietary Biocidin® Botanical Blend. It was the subject of a human clinical trial – the gold standard in science.¹ Participants (athletes tested post-workout) showed a rapid increase in immune activity within 60 minutes of use. A soothing, protective boost – so unique we patented it.

Biocidin TS throat spray empowers you. Clear clinical support for a healthy immune response – giving your body what it needs to do its best work.*

Dentalcidin® LS

ORAL MICROBIOME LIPOSOMAL RINSE
REVITALIZES GUMS & FRESHENS BREATH*

WITH BIOCIDIN® | NATURAL MINT

AVAILABLE IN 1 FL OZ (30mL) PUMP

Periodontal issues are common and can lead to systemic concerns. Dentalcidin LS utilizes the powerful liposomal form of Biocidin®, our broad-spectrum blend of 18 botanicals, to support periodontal and gingival health.*

Research shows that the transcellular absorption of the liposomal Biocidin in Dentalcidin LS oral rinse is 74% higher than liquid Biocidin. That means breakthrough oral care that offers deeper activity in the periodontal area while disrupting plaque.* Added botanicals provide antioxidant and tissue-soothing activity.*

Dentalcidin LS Liposomal Rinse is the second step of our Dentalcidin Oral Care System. For the greatest benefit, use with Dentalcidin Oral Microbiome Toothpaste.

Benefits

- Liposomal technology for deeper penetration in the periodontal area*
- CoQ10, quercetin, clove, and myrrh support gum and gingival health*
- Perfect for use after flossing to help prevent translocation of harmful microorganisms*
- Supports oral microbiome balance for whole-body health*
- Broad-spectrum botanicals with tissue-soothing and biofilm-disrupting activity*

Features

- Contains Biocidin® Botanical Blend, made with 99% organic ingredients
- Professional strength and fluoride-free
- 100% plant-based and free of artificial ingredients
- Refreshing natural mint flavor
- Recyclable packaging
- Suitable for adults and children 2 years and older

Dentalflora®

PROMOTES HEALTHY TEETH AND GUMS*

DENTIST FORMULATED | BLIS M18®

AVAILABLE IN 30 MINT TABLETS

Even with pristine oral hygiene, sometimes additional support is needed. Exciting new research shows oral probiotics can be a tool for supercharging health in the mouth – and beyond.

Sweetened with xylitol and naturally flavored with organic spearmint leaf extract, Dentalflora offers convenient, great-tasting, foundational care for a flourishing oral microbiome that supports systemic health. Because whole-body health begins in the mouth!

Benefits

- Promotes healthy teeth and gums*
- Supports periodontal health*
- Promotes fresh breath*
- Xylitol may help reduce the risk of tooth decay*
- Helps populate the oral cavity with beneficial bacteria*
- Helps reduce the formation of dental plaque*
- Supports oral microbiome balance for whole-body health*

Features

- Proprietary blend of 4 targeted, science-backed probiotics
- Clinically proven BLIS M18® included at researched levels
- Dentist-formulated
- Crafted to complement the Dentalcidin Oral Care System
- Exceptionally shelf-stable with guaranteed 5 billion CFU at manufacture and 3 billion CFU at 18-month expiration
- Free from allergens, sugar, stevia, animal products, and magnesium stearate
- Convenient, dissolvable tablet naturally flavored with organic spearmint leaf
- No refrigeration required

Dentalmin PRO™

REMINERALIZING TOOTHPASTE

STRENGTHENS ENAMEL | STRENGTHENS TEETH

AVAILABLE IN 3.4 OZ (100mL) TUBE

POWERED BY NANO + MICRO-HYDROXYAPATITE

Prebiotics • Fluoride-Free • Fresh Mint

Dentist-formulated Dentalmin PRO is a uniquely powerful remineralizing toothpaste. Why remineralizing? Tooth enamel is the hardest material in the body. Yet everyday activities like chewing and eating sweets or acidic foods wear it down.

Unlike other bones in the body, tooth enamel cannot regenerate itself when damaged. The good news? Enamel is composed of 97% hydroxyapatite, which can be included in toothpaste and used to remineralize and strengthen areas where teeth have thinned.

Dentalmin PRO remineralizing toothpaste includes not one, but two forms of hydroxyapatite – both at researched concentrations. The combination offers comprehensive repair and strengthening activity.

Ingredients

Vegetable glycerin†, Sorbitol, nanoXIM•CarePaste (nano-hydroxyapatite), Omyadent® (micro-hydroxyapatite, calcium carbonate), Sodium lauroyl sarcosinate, Cichorium intybus (chicory) root extract, Cellulose gum (carboxymethylcellulose), Althaea officinalis (marshmallow) root extract, Ulmus fulva (slippery elm) bark extract, L-arginine, Sodium bicarbonate, Aqua (deionized water), Natural flavors, Arabinogalactin‡, Mixed tocopherols, Carbomer, Vaccinium macrocarpon (cranberry) fruit extract

‡Organic Ingredient

This product is made without dairy, gluten, soy, corn, animal products, artificial coloring or flavoring.

Benefits

- Remineralizes tooth enamel
- Strengthens teeth
- Inhibits bacteria that contribute to tooth decay
- Reduces sensitivity
- Restores whiteness and luster
- Promotes the growth of beneficial flora
- Leaves teeth feeling polished and clean

Features

- Clinician-crafted, fluoride-free toothpaste
- Contains two science-backed forms of hydroxyapatite at researched levels
- Includes prebiotics to feed beneficial bacteria
- Formulated with nourishing botanicals
- Flavored with natural mint-leaf extract
- Free of sodium lauryl sulfate
- Vegan and vegetarian

Clinician-Curated Solutions

OUR PROGRAMS

Bioclear® Microbiome Detox Program

CONVENIENTLY PACKAGED 30-DAY DETOX PROGRAM
SUPPORTS DETOX BY REESTABLISHING MICROBIAL BALANCE*

When it comes to health, microbes matter most. That includes detoxification – something we all need. The Bioclear Microbiome Detox Program focuses on microbial health, reducing the load on the liver. Clearing the way for efficient detox, stabilizing the microorganisms in the gut. Detoxification done right.

How does it work? Synergy. Activity that is greater than the sum of the parts. Three laboratory-tested, clinically researched formulas work together, supporting the right balance of flourishing microorganisms in the gut microbiome.

REMOVE

Clear away obstacles. Entrenched biofilms and unwanted organisms can create an obstacle that requires outside assistance. The vital first step is to clear away irritants, unwanted microbes, and biofilms – allowing the body’s innate restorative ability to go to work.

DETOX

Intercept and eliminate toxins. How can you optimize toxin removal and fat digestion? Make it safe – even comfortable? First, promote the production and flow of bile. Then, intercept and eliminate unwanted toxins and microbial byproducts. Enhanced function. Detoxification done right.

RESTORE

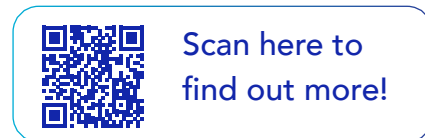

Balance and heal. Undesirable microbes create imbalances, even disorder. The effort to restore function and harmony requires ongoing renewal – and that’s where our botanicals and nutrients shine. Offering needed provisions, they allow the body to establish balance. Plants unite with the body to revive and strengthen – cultivating microbial diversity, healthy digestion, nutrient absorption, and sustained well-being.

Benefits

- Supports healthy detoxification and full-body cleansing*
- Supports microbial balance in the GI tract*
- Selectively enhances beneficial organisms*
- Supports a more comfortable cleansing experience*
- Supports vitality and mental clarity*
- May reduce bloating and gas*

Features

- Professional-grade ingredients
- Laboratory tested and clinically researched
- Broad-spectrum products work as a synergistic trio
- Assists in detoxification of environmentally and endogenously produced metabolites*
- Convenient 30-day supply of all three products
- Cost effective at 15% savings over individually priced products

Dentalcidin® Oral Care System

ORAL MICROBIOME TOOTHPASTE & LIPOSOMAL RINSE
TWO-STEP DENTACEUTICAL® SOLUTION

Powered by Biocidin

What sets our Dentalcidin Oral Care System apart is the microbial-balancing power of our legacy, broad-spectrum formula Biocidin.

- Liposomal technology for deeper penetration in the periodontal area*
- CoQ10, quercetin, clove, and myrrh support gum and gingival health*
- Perfect for use after flossing to help prevent translocation of harmful microorganisms*
- Supports oral microbiome balance for whole-body health*
- Broad-spectrum botanicals with tissue-soothing and biofilm-disrupting activity*

The bug stops here!

The oral microbiome is a collection of microorganisms in the mouth, both harmful and beneficial. What grows in the mouth is swallowed and may go on to grow in the gut.

Research using phase-contrast microscopy shows how Dentalcidin LS utilizes liposomal technology to clear unwanted microbes in dental plaque.

This effectively supports oral microbiome balance and, ultimately, whole-body health.

SMILE

Promote Oral Health. We've created one-of-a-kind oral health care products. Serious science transformed into action – clearing unwanted oral microbes, cultivating beneficial flora, and supporting healthy teeth and gums. It's foundational Dentaceutical® care with a systemic reach.

WHOLE-BODY HEALTH BEGINS IN THE MOUTH.

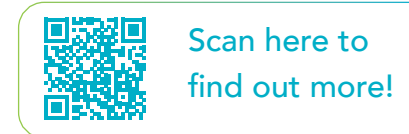

Benefits

SERIOUS SCIENCE BEHIND EVERY SMILE®

Core Values

Caring

We nurture – with empathy and compassion – our employees, practitioner partners, and customers. Because how we treat others, ourselves, and this planet is another way of supporting and facilitating health for all beings.

Wisdom

We trust in nature's intelligence combined with scientific validation. Relying on the holistic triad of clinical science, botanical traditions, and energetics, we develop, test, and verify our formulations.

Collaboration

We collaborate with integrative and functional healthcare professionals, researchers, growers, and industry organizations. In partnership, we expand our knowledge of how botanicals support microbial health and enable our colleagues to advance their work.

Beyond Profit

At Biocidin Botanicals, we believe our choices matter as we care for each other and the planet we share. Using wisdom and collaboration, we embrace sustainable, regenerative, and progressive efforts to benefit humankind and the Earth.

In our efforts to move beyond profit, we are guided by four principles:

BE KIND TO HUMANS

It matters how we treat the people we work with, as well as practitioners, patients, customers – and everyone we meet.

CONSERVE ENERGY

What we do daily matters. We seek to conserve energy in all possible ways for our business operations.

RESOURCE WITH CARE

The Earth is our friend and partner. How we treat her matters. We make concerted efforts to select resources wisely and be scrupulous when purchasing goods and services for company operations.

PARTNER WISELY

Partnerships matter. We seek to create and maintain partnerships that help further our human- and Earth-centered missions.

Customer Service

At Biocidin Botanicals, our customer service reflects the high standards of our products.
