Bind. Intercept and eliminate toxins. How can you make toxin removal safe and even comfortable? Pull out debris. Intercept and eliminate unwanted toxins and microbial byproducts. Detoxification done right.

G.I. Detox®+

Zeolite (G-PUR®), Charcoal & Herbal Formula

GENTLE FULL-SPECTRUM BINDER*

Description

It happens on a daily basis. Toxic exposure. Mold, poor diet, compromised food or water quality, air pollutants, elevated stress, disrupted sleep. It's an unfortunate reality in today's world.

But did you know? Toxicity can also be aggravated by imbalances in the microbiome and microbial die-off.

That's why the activity of our trusted charcoal binder G.I. Detox®+ is an essential part of any treatment strategy that includes removal. A simple solution for microbial debris, environmental toxins, and metabolites produced as part of normal living.*

G.I. Detox®+ provides a gentle, well-tolerated method of assisting detoxification.* By intercepting contaminants and facilitating elimination in the stool, it reduces the workload of the liver, ensuring patient comfort and compliance.*

Integral to protocols using Biocidin®, G.I. Detox®+ is formulated to provide broader activity than a single-ingredient product.* With zeolite (G-PUR®) standardized to contain 70% purified clinoptilolite, it also contains activated charcoal, and silica, plus apple pectin, humic powder, and aloe vera. These binding and detoxification agents have long been used in traditional medicine and are well-supported by modern research.

As Biocidin® works on biofilms and mobilizes unwanted microbial byproducts, G.I. Detox®+ binds and clears.*

Microorganisms balanced. Biofilms dismantled. Detoxification done right.

Benefits

- Assists in "mop up" of microbial and biofilm components*
- Supports healthy detoxification and full-body cleansing*
- Supports clearance of mold metabolites*
- Helps in the neutralization of histamine*

- Supports a more comfortable cleansing experience*
- May reduce bloating and gas*
- Supports mental clarity*

Features

- Professional-grade ingredients
- Charcoal binder with other widely accepted and recommended binders, including zeolite (G-PUR®)
- Multi-ingredient formula provides broad-acting binding activity
- Contains ingredients known to assist in detoxification of environmentally and endogenously produced metabolites*
- Recommended addition to treatment plans with Biocidin® and Proflora® 4R

Suggested Use

1 capsule on an empty stomach with a full glass of water or as directed by a healthcare professional. Take 1 hour apart from other medications, food, and supplements.

Warning: Not recommended for use during pregnancy. Consult your physician before using any supplement, especially if you are nursing, have a medical condition, or are taking medication. Discontinue use should adverse reactions occur. Keep out of reach of children

Store in a cool, dry place.

Ingredients

Zeolite (G-PUR®) standardized to contain 70% purified clinoptilolite, Activated charcoal, Aloe vera[‡] gel, Apple pectin, Silica, Humic powder

Other Ingredients: Vegetable capsule (hydroxypropyl methylcellulose and water)

[‡]Organic Ingredient

This product is made without dairy, gluten, soy, corn, animal products, artificial coloring or flavoring.
